Dear Sir/Madam

**LETTER OF RECOMMENDATION FOR Pethaperumal NATARAJAN**

It is my absolute pleasure to provide this letter of recommendation for Pethaperumal.

I am Shirley CHEONG, R&D DELMIA OP&O Quality Engineering Senior Manager for Dassault Systemes Innovation Technologies Malaysia Sdn. Bhd. and was Pethaperumal's supervisor during his internship.

Pethaperumal was an intern with Dassault Systemes Innovation Technologies Malaysia Sdn. Bhd. from 20-June-2022 to 9-September-2022 and was in charge of working on test automation for Sales & Operations Planning web application. During this period, Petha has demonstrated skill in developing test automation with typescript. With good foundation in programming, he helped speed up the team's progress from 30% to 72% of the backlog test. Petha is highly independent and responsible in ensuring test script is completed with quality and able to discuss with team when there is a challenge. He is a good addition in the team.

Please feel free to contact me at +603 7494 9173 should you like to discuss Pethaperumal's qualifications and experience further. I'd be happy to expand on my recommendation.

Best regards,

*Shirley*
